SKILLS

- 📱 Flutter, Dart, Java, Python
- 🔥 Firebase, Firestore, MySQL
- 🔧 REST API, Git, Provider
- 💻 Windows, Linux

LANGUAGES

English, Bengali

PROJECTS

**SKILL SHARE – LEARNING PLATFORM** **Flutter, Firebase, REST API**

- ◇ Built a mobile app connecting learners and instructors in real time.
- ◇ Designed and developed a scalable UI with animations and offline-first capabilities.
- ◇ Implemented bidding system, real-time chat, and instructor rating logic.
- ◇ Used Provider for state management and Git for collaborative version control.

**SECUREVAULT APPLICATION** **Flutter, Firebase Auth, Firestore**

- ◇ Created an encrypted image storage and gallery app with folder-based organization.
- ◇ Handled user authentication, async file upload/download, and stateful navigation.
- ◇ Solved integration challenges with Firebase Storage and improved UX through clean UI.

**ECOTRACKER APP** **Flutter, Firebase**

- ◇ Developed a green-lifestyle app with carbon footprint tracking and community challenges.
- ◇ Implemented data-driven logic for carbon impact calculation based on user input.
- ◇ Added leaderboards, rewards, and article sections for gamification and learning.

**WEATHER APP PROJECT** **Flutter, OpenWeather API**

- ◇ Designed a responsive weather forecast app using real-time API integration.
- ◇ Handled error states, data parsing, and city-based weather querying.
- ◇ Planned ML-based personalization and push notification features in roadmap.

EDUCATION

BSc IN CSE BRAC University	2019–2023
HSC Cantonment School and College, Rangpur	2017
SSC Ghatail Cantonment Public School and College	2015

AVAILABILITY

- ◇ Looking for: Full-time Developer roles
- ◇ Preferred location: Dhaka
